FactSet Analyst Report

The security is being delisted. The last day of trading on an exchange is Feb. 1, 2022. CBTG is an actively managed ETF that invests in US stocks of any capitalization that are believed to exhibit above-average growth potential. The fund uses discretionary and proprietary analyses using both fundamental and technical factors to identify growth companies using the research of the Cabot Wealth Network. It considers compound annual growth rate as an indicator of higher stock price in the future. While the investment manager intends to invest in equity securities, the fund may invest in cash and/or cash equivalents at its discretion. The fund uses market timing indicators to analyze the performance of various US indices to gauge the direction of the market.
