

HMOP

Hartford Municipal Opportunities ETF

Fund Description

HMOP is actively-managed to provide current income and long-term total return from a broad portfolio of municipal bonds.

FactSet Analyst Report

HMOP is an actively managed fund that seeks federal tax-exempt income by investing in municipal securities. The fund's sub-advisor, Wellington Management, selects securities they consider attractive from a yield perspective in considering total return. The portfolio selection involves a top-down strategy, bottom-up fundamental research and risk management. Wellington Management considers financially material ESG factors in its research. HMOP may hold some securities that produce taxable income. Up to 35% of the portfolio may be in high-yield municipal bonds. There are no specific limitations as to maturity or duration.
