

# TINS

## Templeton International Insights ETF

### Fund Description

TINS is actively managed, investing across all market capitalizations in equity securities of companies outside the United States. The fund seeks long-term growth of capital.

### FactSet Analyst Report

TINS takes an active approach to investing in companies across global markets, focusing on equities of varying market capitalizations outside the United States. The fund applies fundamental research and market analysis to identify securities and regions offering potential for long-term capital growth. Its flexible mandate allows for allocation across both developed and emerging markets, aiming to provide adaptability to evolving economic and valuation conditions. Through research-based stock selection and ongoing assessment of market trends, TINS seeks to maintain balanced exposure across industries and geographies while pursuing its capital growth objective.
