

# VDIG

## Vanguard Wellington Dividend Growth Active ETF

### Fund Description

VDIG is actively managed, focusing on dividend-paying companies with durable earnings growth. The fund seeks income growth and long-term capital appreciation.

### FactSet Analyst Report

VDIG focuses on companies that pay current dividends and have the potential to raise them over time. The portfolio emphasizes issuers deemed high-quality, selected for durable earnings profiles and long-term total return potential. Many holdings tend to be large-cap companies viewed as undervalued relative to the broader market. The fund invests broadly across sectors while aiming to balance income growth with capital appreciation.
