Fund Description

VUSG is actively managed, focusing on US companies with strong earnings-growth prospects. The fund seeks long-term capital appreciation.

FactSet Analyst Report

VUSG focuses on US companies with large- and mid-cap profiles that exhibit above-average earnings growth. The portfolio primarily targets issuers the adviser believes can sustain long-term expansion, emphasizing businesses with strong growth fundamentals. It maintains a majority allocation to securities issued by US companies, consistent with its mandate. The strategy seeks long-term capital appreciation by concentrating on firms with durable growth characteristics and forward-looking potential.
